

A Division of the Ghobash Group

Hayat Health manages much of the Ghobash Group's healthcare cluster of companies:

# GHOBASH GROUP

- Established in 1981
- 1,750+ employees
- Strong operational capabilities
- Extensive regional experience
- All companies backed by the Group's financial strength

**Focused on delighting customers and sustainable expansion.**

# A Consolidated Healthcare Cluster

Hayat Health was formed as an umbrella company for the efficient management of the Ghobash Group's healthcare business to consumers companies. Hayat Health companies include two Hayati Health Centers and Pyramids Health Services.

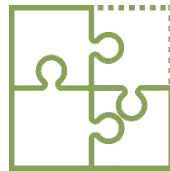

By consolidating the management of the companies under one roof, Hayat Health is able to drive quality consistency and synergies into each of the respective companies, as well as promote innovation and technology, to ensure the most professional and dedicated care of the patients.

## In Charge: A Leader in Pediatric & Private Healthcare

### **Dr. Ahmed Hussein** **Managing Director & Board Member**

Dr. Hussein has years of experience in pediatrics as well as business leadership in the healthcare sector. In his role as the chairman of the Abu Dhabi Pediatric Club, he was first to identify a need for focused childcare in a medical environment suitable for children.

It was the beginning of a journey that brought him to Ghobash Group, and he applies his experience as previous owner of the Pyramids Health Group to manage the Hayat Health Group of companies on behalf of Ghobash Group.

# 3 Companies – One Ideology

A Division of Ghobash Group

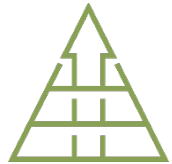

**Providing leading healthcare services that meet the demands of a growing sector in the UAE.**

Hayat Health is committed to improving both the quality and availability of healthcare in the UAE region by identifying and filling gaps in the market with products and services backed by exceptional management.

- **State of the Art Facilities**

We are qualified to source and operate medical equipment approved from referring hospitals and customized for the home setting and deliver safe and smooth transitions.

- **Structured Management**

A centralized management of all clinics and home services means relative autonomy for our health practitioners to focus their time on providing the best healthcare value.

- **Highly Rated Healthcare Staff**

Our health care providers and clinical staff are trained to provide excellent nursing services, paediatric care and services tailored to client needs and in line with international and local standards.

# Pyramids Health Services

Leaders in At-Home Healthcare offering prime standards of healthcare with highly qualified staff and state-of-the-art technology for all groups of the UAE population.

Our comprehensive Home Healthcare programs are carried out by our specialized teams of medical professionals.

Qualified caregivers deliver smooth and safe transitions with access to medically approved equipment from referring hospitals that is customized to the home setting.

We have been enrolled to provide the services of Home quarantine and isolation for the Department of Health.

## ALIGN WITH A LEADER IN HEALTHCARE

Collaboration is the secret ingredient to every significant breakthrough in modern medicine. The sharing of information, resources and discoveries is what has made us stronger and more capable to help those in need and helping goes hand in hand with learning.

That's why at Hayat Health, we're keen to join hands with like-minded establishments, schools, medical facilities and healthcare practices for both children and adults – building on synergies to build our knowledge and become better care providers.

If you wish to collaborate with one of the most unique healthcare centers of excellence in the UAE, feel free to contact us.

Let's work together to make the world a better, healthier place for all.
